THE GOEBEL MURDER.

All Suspects Under Arrest at George-
town Arraigned.

POWERS IS ON TRIAL.

Besides the Witnesses and Attorneys,
a Crowd of Spectators Was
Present—Every Person En-
tering Room Searched.

Georgetown, Ky., July 9.—The cases of the commonwealth against Youtsey, Powers, Davis, Whitaker and Combs, charged with complicity in the murder of William Goebel, was called before Judge Cantrill on change of venue today. By order of court all persons who entered the courtroom were searched.

In addition to an array of counsel on each side and a large number of witnesses from all parts of the state, a big crowd of spectators thronged the room. The work of selecting the jury was first entered upon and panel those summoned to draw from was read.

Attorneys for the defense were sworn in as follows: Ex-Governor John Young Brown, ex-Congressman W. C. Owens, Judge J. C. Sims, R. C. Kinkead, Ed. Parker, R. W. Nelson, L. J. Crawford, R. E. Roberts, George Denny, W. G. Dunlap, F. Clay Evans, B. G. Falconer, Judge J. H. Tinsley, G. N. Phillips and John M. Stevenson. For the prosecution: S. B. Franklin, T. C. Campbell, Victor F. Bradley and B. G. Williams.

The case against Caleb Powers was first called. The prosecution asked for and was granted an order on the jailer of Franklin county to bring here as witnesses, Suspects Culton and Noakes, who are in jail at Frankfort. The defendant, Former Secretary of State Caleb Powers, was brought into court and took a seat with the attorneys for defense. Though he has been in jail since March 10th, he shows but few marks of confinement and looks in good spirits.

Failed to Receive Green Goods.

Macon, Mo., July 9.—John Janisch, an Austrian, was before United States Commissioner R. G. Mitchell here on the charge of using the mails to obtain counterfeit money. Some months ago a stranger visited Janisch and offered to furnish him \$3000 in money "as good as the genuine" for \$400 of the real article. Janisch was to send \$200 to a certain address in New York when the "stuff" would be forwarded to him, and he was to pay the balance upon receipt of it. He sent the \$200 but got no reply. Then he put the matter in the hands of government detectives and was arrested. He claims he was trying to locate the counterfeiter for the purpose of getting a reward, and had no intention of using the bogus money. He was released on a \$250 bond for appearance before the commissioners. Janisch is a merchant of Kingsville and is said to have a good reputation there.

Future of the Oregon.

Washington, July 9.—Unless international complications should arise, Secretary Long will not order the Oregon to proceed to Taku when her repairs have been completed. Upon arrival at Kure, to which point he is taking the vessel for docking, Captain Wilde, commanding, will order a board of survey to determine what repairs are necessary. It may be that Naval Constructor Hobson, who is undergoing treatment at Yokohama, will, if well enough, go to Kure to supervise the repairs. It is understood the Oregon will be retained in Japanese waters and will be available for service in China should the international situation require her presence. The authorities do not propose, however, again to risk this valuable ship by sending her into the Gulf of Pechi Li without need for such action.

Nothing from Transport Logan.

Washington, July 9.—Owing to the uncertainty as to the whereabouts of the transport Logan with the Ninth infantry aboard, Secretary Long, at the suggestion of Secretary Root, sent a cable message to Admiral Kempff at Taku asking for definite information on the subject. The Logan left Manila on June 27, and counted upon making the run to Taku in seven days. In case expectations were realized she arrived at the Chinese port on July 4. Little doubt is entertained that these troops have arrived at Taku.

Bodies of Drowned Seamen.

Philadelphia, July 9.—The bodies of a number of drowned seamen, still clad in their oilskins, were passed last Wednesday by the schooner E. E. Bird-sall, which has arrived here from Fall River. Several of the bodies stood upright in the water and at first sight the crew of the Bird-sall thought they were alive. All of the bodies were drifting seaward. There was nothing on their clothing to indicate what ship they had manned, and it is thought that the vessel broke up on the shoals between Shinnecock and Southampton, Long Island.

Hot Weather Kills Children.

New York, July 9.—To the continuation of the hot weather is attributed the high death rate among children. For the first six days in July the deaths reported of children five years old or under averaged 53 in Manhattan and the Bronx and 41 in Brooklyn. Saturday's report showed 51 deaths of children under five years in Manhattan and the Bronx, and 59 in Brooklyn. Sunday's list includes 45 of such deaths in Manhattan and the Bronx.

GONE TO LINCOLN.

Stevenson Summoned There by Bryan for a Consultation.

Minneapolis, July 9.—In obedience to a telegram from Mr. Bryan, Hon. Adlai E. Stevenson left here Sunday night for Lincoln, Neb. When seen at the depot just before his departure Mr. Stevenson would say little except that he is to attend a conference at Lincoln regarding the plan of campaign, in which Senator Jones, chairman of the national Democratic committee, and Mr. Towne, Populist candidate for vice president, are to take part. Mr. Stevenson further said that at the conclusion of the conference he would return to Minnetonka Beach and remain there until Sept. 1 when he is expected to take an active part in the campaign.

From another source it is learned that Mr. Towne is awaiting the verdict of the coming conference as to whether or not it is better for him to withdraw as the Populist candidate for vice president. It is said he is ready to do just what Mr. Bryan thinks best.

STEVENSON ARRIVES.

He Is Given an Enthusiastic Welcome by the Citizens of Lincoln.

Lincoln, July 9.—Adlai E. Stevenson, the Democratic nominee for vice president arrived here today to attend the conference of Democratic leaders. The hour of his arrival was not announced and not more than 1000 people were gathered at the depot to welcome him. What they lacked in numbers, however, they made up in enthusiasm.

As the train rolled in, W. J. Bryan and Senator J. K. Jones hurried into the car and warmly greeted Stevenson. Alighting from the car, Stevenson shook hands with the other members of Bryan's party, including Charles A. Towne, National Committeeman Campaign of Michigan, Johnson of Kansas, Stone of Missouri, Daniels of North Carolina and Sergeant-at-arms Martin. Then arm in arm with Bryan he walked down the long platform between two lines of cheering people to carriages. Here Stevenson was introduced to Governor Poynter of Nebraska and chatted with him a moment.

The party then entered carriages. Bryan, Stevenson, Towne and Governor Poynter occupying one carriage, escorted by two brass bands, Bryan Home guards and Bryan Continentals, uniformed marching clubs and several hundred people had gathered there and as Bryan and Stevenson alighted a roar of cheers went up in welcome. "Stevenson, speech, speech!" shouted the crowd, and Stevenson, smiling and bowing, mounted the steps leading to the rotunda and thanked the people for the cordial welcome.

Webster Davis Will Attend.

Kansas City, July 9.—Webster Davis former assistant secretary of the interior under the present administration, will go to Lincoln today to be present at the ratification meeting to be held there in honor of the nomination of W. J. Bryan and Adlai E. Stevenson. Mr. Davis received a telegram Saturday from P. D. Hall, chairman of the committee in charge of the meeting, stating that Mr. Bryan personally joined in the request for him to come.

Ratification Meeting.

Lincoln, July 9.—Elaborate plans are being made for the ratification meeting to be held here Tuesday afternoon and night and it is the intention to make the affair, as far as possible, the formal opening of the Democratic national campaign. W. J. Bryan is expected to speak briefly as is also Adlai E. Stevenson, who has promised to be present. George Fred Williams and Charles A. Towne will also deliver addresses.

Towne Will Not Run.

New York, July 9.—The Herald prints a special from Lincoln, Neb., which says that after a conference with Bryan, Towne has agreed to quit the Populist ticket.

Hill on the Convention.

Albany, July 9.—David B. Hill on his arrival here from Kansas City, speaking of the work of the Democratic national committee said: "I labored to have the convention adopt a more conservative platform on the financial question but not being on the platform committee, my efforts were unsuccessful. I am, however, reasonably satisfied with the action of the convention, acquiesce in the result. The ticket is a strong one, and if the enthusiasm with which it is received in the west is any indication of its popularity it ought to be successful."

UNVEILING CEREMONIES.

Tribute to the Memory of Col. Brisco G. Baldwin.

Sunday afternoon a large assem-
blage gathered at the city cemetery
to do honor to the memory of Col.
Brisco G. Baldwin. The occasion
was the unveiling of handsome mar-
ble monument erected over his grave
through the efforts of the Daughters
of the Confederacy. The low mound
which marks the last resting place of
one of the proudest and most chival-
rous soldiers of the lost cause was
covered with flowers. The ceremon-
ies were conducted by the Daugh-
ters of the Confederacy assisted by
the members of Camp J. B. Robert-
son, U. C. V. On the glistening
shaft of marble were these words:

"In memory of Col. B. G. Baldwin,
Chief of Ordinance on Staff of Gen.
R. E. Lee, C. S. A. Died Sept. 28,
1898."

"This stone is erected by L. S.
Ross Chapter, U. D. C., and other
friends."

"Soldier, rest, thy warfare o'er;
Sleep the sleep that knows no wak-
ing."

"Dream of battlefields no more—
Days of danger, nights of waking."

The ceremonies opened with the
singing of a hymn by the Daughters
of the Chapter, followed by a fervent
invocation from Rev. Jewell Howard.
Miss Parker unveiled the monu-
ment, reciting with fine effect the
beautiful poem of which the open-
ing lines given above were appro-
priately adopted as an inscription.
Another hymn was followed by a

recitation, "Ode to the Brave," given
a most excellent reading by Miss
Lucy May Johnson. The address of
Judge Norman G. Kittrell was a
polished and classic tribute to the
memory of Col. Baldwin and his
comrades in arms, to the cause of
the South, and the devoted daugh-
ters of her heroes. No more master-
ful oratorical effort has been heard
here by the writer.

The address was followed by a
hymn and the benediction.

ANOTHER HOPE GONE.

Favorable Report from Pekin Fol-
lowed by a Contradiction.

CONGER'S REPORT

It Was Mailed May 21 and Then Told
of Danger—Tien Tsin in Des-
perate Straits—Foreign
Troops Landing at Taku.

London, July 9.—The foreign consuls
at Shanghai met on July 7 and officially
announced that the legations at Pekin
were safe on July 4. The foregoing
statement, read with Consul Warren's
dispatch to the foreign office on Satur-
day, makes it possible to believe that
the legations will hold out for a number
of days yet. Having fought to a stand-
still the first outbursts of fanatical fury,
it is believed something may intervene
to save them.

The Shanghai correspondent of the
Express, telegraphing yesterday, how-
ever, throws doubt upon Consul War-
ren's information. He says:

"Toa Toi Sheng now admits that there
was an error in his communication to
General Warren. The date of the cour-
ier's arrival at Chinan Fu was July 3,
which does not apply to his departure
from Pekin. The journey from Pekin
to Chinan Fu occupies five days. The
courier, therefore, could not have left
Pekin later than June 28. The date of
the massacre there, as given by the Chi-
nese reports, was June 30 or July 1."

Tien Tsin is still hard pressed. A Chi-
nese force, numbering from 80,000 to
100,000 men, as estimated by inconclu-
sive reconnaissance, floods the country
around Tien Tsin, communication be-
tween which place and Taku is appar-
ently possible by river only.

A Che Foo dispatch to the Express
says the Russians have landed 8000 men
at Taku and that the Japanese have dis-
charged several transports. The Jap-
anese rushes on to Tien Tsin Tsin, lead-
ing in the assault upon the native city,
in which their commander was killed.
Ten more transports are engaged at Jap-
anese ports. With the 10,000 British
India troops afloat, and fresh Japanese
contingents it is quite probable that the
allies will have 50,000 men ashore.

The disorders in the provinces appear
to be increasing in violence. A Chinese
army is within forty miles of New
Chang and the foreigners are preparing
to abandon their homes. The southern
part of the province is swept by raiders,
who are destroying all works of the
white men, except in spots garrisoned
by Russians.

Proclamations have been posted in
all villages near Che Foo calling upon
the loyal Chinese to rise and expel the
foreigners for introducing among the
pious Chinese an immoral religion.
Every Buddhist is expected to kneel
three hours daily, knock his head upon
the ground thrice, and pray earnestly
that sudden, cruel death may overcome
all aliens.

The foreign settlement at Che Foo is
at the mercy of two Chinese forts
equipped with Krupp guns which com-
mand two sides of the city. Six war-
ships, including the United States gun-
boat Nashville, are constantly cleared
for action.

LAST FROM CONGER.

On May 21 He Appraised the State De-
partment of Danger in China.

Washington, July 9.—The last China
mail to reach the state department
brought the report of Minister Conger,
perhaps the last that will come to hand.
This bears the date of Pekin, May 21.
It is of the utmost importance, disclosing
as it does, a full comprehension on the
part of the foreign ministers in Pekin of
the character and extent of the boxer
uprising, even though Mr. Conger him-
self, by disposition optimistic found
some reason to hope that the worst was
over at that date.

What Mr. Conger has to say as to the
attitude of the Chinese government to-
ward the boxer movement as revealed
in the formal interchange that took
place between himself and the tsung li
yamen is not only of peculiar interest,
but will have a strong bearing on final
reckoning that must be had between the
civilized nations and the China.

Mr. Conger makes it very clear through
the publication of French priest's let-
ter that at least one and probably all of
the European nations having an interest
in or near China were acquainted with
the dangers of the situation at least two
or three weeks before the actual out-
break in Pekin.

More Troops for China.

New York, July 9.—Major General
John R. Brooke says that the two bat-
talions of the Fifteenth infantry ordered
to the Philippines are the first and third.
The first is now at Plattsburg and the
third is on Governor's island. They
will number about 1100 men. It is ex-
pected that these forces will start as
soon as arrangements for transportation
can be made. It is also expected that
they will be sent to China.

Fatal Family Feud.

Van Buren, Ark., July 9.—Doer Can-
ady was stabbed and instantly killed by
John Russell at Cedarville. The are
both about 20 years of age. The fight
was the result of a family feud. Russel
has not been arrested.

OUR BAND BOYS

Touching the High Places at
Corsicana.

To The Eagle:

Camp Garrity, near Corsicana,
Tex., July 8th.—Just received home
paper; thanks. Pleased to inform
you of the excellent health and ap-
petite of my boys—living like fight-
ing roosters.

We are winning the day right
along. One hundred in uniforms
and instruments so far. Will attend
a reception Monday night tendered
by the Oil City band of Corsicana;
expect a hot old time. Have a fine
lot of soldier boys to bring home
with me. You should see them line
up at 5:30 a. m.; also (and especial-
ly) at mess call, not a boy missing.

We attended divine services in a
body on the camp this morning,
music by Bryan Opera house orches-
tra; choir composed of members of
band. The boys have lots to tell
when they get home, which will
likely be Wednesday at 4 o'clock
unless camp breaks up Tuesday
morning early enough to catch train.
So hold the fort for we are certainly
coming, with heads high ap. Best
regards from all the boys to every-
body.

Respectfully,
A. W. Hollman.

RENEWED ATTACK.

Chinese Charge on Allied Forces at Tien
Tsin With Twelve Guns.

London, July 9.—The latest news
from Tien Tsin is contained in a News
Agency message, dated July 6, reporting
a renewed Chinese attack that morning
with 12 guns. The allied forces replied
with guns landed from the British first
class cruiser Terrible, and a mixed force
of 1000 men made a sortie under the
cover of the fire of the naval brigade
and attacked the Chinese who retired
after seven hours' fighting.

Earlier dispatches received show fight-
ing notably on July 2 and 3, when the
Chinese developed unexpected strength
and did considerable damage with artil-
lery. At the bridge near the French
settlement there was hard fighting at
close quarters, the Russians with Gat-
ling guns finally compelled the Chinese
to retire, though they suffered heavily.
Operations, however, were in no way
decisive. The later movements showing
the Chinese still full of fight.

BIG FORCE FOR CHINA.

Allied Troops Ordered There Will Be
Close to 100,000 Men.

Washington, July 9.—An allied force
of nearly 100,000 men will be in China
within a few weeks.

These figures are larger than those
given heretofore, but are based on better
information which has just reached here.
The allies at Taku and Tien Tsin now
number about 18,000 men. The rein-
forcements under orders consist of 19,-
000 Japanese, 15,000 Germans, 13,000
Russians, 11,000 Americans, 10,000 Brit-
ish, 8000 French and 3000 Italians.

It is learned that the several govern-
ments desiring an expression of opinion
as to the number of men required to es-
tablish order in China recently asked
the admirals at Taku to make an esti-
mate. The admirals consulted together
and the highest estimate seems to have
been made by the Japanese officer, who
placed the number between 70,000 and
100,000. The estimates of the British,
Russian and German officers were small-
er. As to Admiral Kempff's, these
authorities decline to speak, but there is
reason to believe that it was slightly less
than the lowest figure of the Japanese
commander. It may be that it is Admi-
ral Kempff's statement that has caused
the officials to hesitate to urge the dis-
patch of troops at Taku until the arri-
val of the United States infantry, which
will bring the fighting strength of the
allies to 45,000 men.

Upon the arrival of the Japanese di-
vision at Taku the question of the of-
ficer who will be placed in supreme com-
mand by a lieutenant general and so
far as known here he will be the rank-
ing officer. Russia may not wish to
permit Japan to have the preponderant
forces. He will of course rank the
Japanese officer. So far as this govern-
ment is concerned it is willing to have
any efficient officer in command, be he
Russian or Japanese, provided the start
of the expedition to relieve Pekin is
prompt.

TO FIX THE ROADS.

Committee Appointed to Raise Funds and Push the Work.

The Eagle has frequently referred to the necessity for fixing up the roads before the busy season comes on, and intends to keep hammering on the subject until something is done. The condition of the Democrat crossing road through the Navasota river bottom was called to our attention yesterday by a gentleman who said funds should be raised for fixing up the roads and suggested that inasmuch as the railroads are interested in getting all the cotton they can they should be called on for a donation to the road improvement fund, which, the thought from expressions he had heard, they would be willing to give.

After the above was written, or late in the afternoon, a well attended meeting of business men was held at the city hall. The committee appointed at a previous meeting to see the commissioners court reported that body willing and ready to fix the roads and bridges as far as the Navasota river as early as the business men would fix them beyond that point. The committee appointed to investigate the bridges and crossings on the river reported that it would be necessary to build a 2½ ft dump 300 feet long between main and slough bridges at the old Democrat crossing and also to build some slough bridges, the cost at this point being estimated at \$300. The committee also reported the Manning toll bridge in good order, and that \$200 would be required from Bryan to buy this bridge, Leon county to pay the remaining \$200 and fix the sloughs on the other side.

Prof. L. L. McInnis presided at the meeting and W. R. Johnston, M. H.

James and Sam B. Wilson were appointed to call on the city council and see about getting the use of the city mules and implements. The following executive committee was appointed to raise funds and take charge of the work: D. C. Zuber, chairman; W. R. Johnston, secretary and treasurer; R. S. Webb, J. A. McFaris, G. S. Parker, T. S. Searcy, G. M. Brandon, John D. Daly. The committee has full power to act, and will proceed with their work at once. Good.

A negro giving his name as Wheat Hill came in yesterday gave himself up, claiming that a shooting scrape in which no one was hurt took place on Wickson creek Sunday. He made complaints against some negroes for gambling and against one for making a knife play.

SHOOTING IN KENTUCKY

Deputy Marshal Killed and Two Other Men Are Wounded.

Mount Sterling, Ky., July 9.—Word came over the telephone from Mariba, Menefee county, that Deputy United States Marshal Howard Wilson had been killed and Tip Day and James Bush of this county mortally wounded, and would live only a few hours. Wilson, accompanied by William Stamper of this place had gone in search of Day, who was wanted in Virginia on several charges, including alleged violation of the internal revenue laws. Not far from Mariba in Menefee county, about 35 miles from here they came up with Day, James Bush and two women. As soon as the officers made known their business the shooting began. Wilson shot Bush through the body and Day shot Wilson through the heart, killing him instantly. Stamper was shot through the head.

Texas Holding Wool.

Houston, July 9.—The decline in the price of wool at the opening of the London sales had a very depressing effect on the market in Texas. The clip has been a very large one this year, and the buyers at San Angelo, Llano, Lampasas and Burnet have been paying a good price therefor, expecting a good advance to be shown when the London sales opened. The 10 per cent decline has put down the price offered by the eastern buyers to a figure where practically no trading is being done, as the Texans would be selling at a loss. They had previously declined better figures for their stuff. There are approximately 3,000,000 pounds of wool stored in the warehouses of the four towns named.

Deathbed Reconciliation.

Bristol, Tenn., July 9.—A pathetic incident occurred in a boarding house here. Mrs. Georgia White arrived from Knoxville in search of her 10-year-old son, who, she said, had been abducted by his father, John White, her divorced husband. The boy was brought here by Mr. White's sister, in response to a telegram from his dying father. When the mother reached the house she found her son by the bedside of his father, and saw the latter die a few minutes later. After a separation of six years, Mrs. White was touched to tears, and greeted the dying man with a spirit of reconciliation.

Boers Driven Off.

London, July 9.—General Roberts reports that the Boers were driven from the east of Brenkspuit by Mahon after a sharp fight. He also confirms the report of the repulse of the Boers attacking Rustenburg with a heavy loss to them slight loss to the British. President Steyn left Bethlehem on the night of July 4, for Fouriesberg between Bethlehem and Ficksberg, accompanied by Christion De Wet and other Free State commanders, with troops numbering 3000 men.

Brothers Shot Near Vernon.

Vernon, Tex., July 9.—John and Ed Brewer, brothers, were shot with a doublebarrel shotgun. A load of buckshot struck Ed Brewer about the left hip inflicting a dangerous, perhaps fatal wound. John Brewer received a scalp wound with another load. B. J. Norris came to the city and surrendered to Deputy Sheriff J. S. Massie, who placed him in jail. The trouble rose over the feeding of some stock.

Killed by a Train.

Wabash, Ind., July 9.—James Eckelberger of Waltz township stepped in front of a westbound express on the Pan-handle road at Converse, and was instantly killed. The locomotive, running at a high rate of speed, threw him a great distance, broke his neck and cut off an arm. Deceased was 70 years of age and leaves a large family.

Run Over by a Train.

Whitesboro, Tex., July 9.—G. D. Fletcher, claim agent of the Santa Fe at Gainesville, was run over by a switch engine at this place Saturday night and perhaps fatally injured. His right leg is broken above the knee, his right arm is ground off below the elbow and his head is badly injured and the skull probably fractured.

National Educational Association.

Charleston, S. C., July 9.—The Thirty-ninth annual convention of the National Educational association will open here tomorrow afternoon. Many delegates are already here and other trains bring in large parties. Two sessions of convention will be held daily. The afternoons will be devoted to meetings of various departments.

Suicide of Judge Long.

Terre Haute, Ind., July 9.—Ex-Judge Thomas B. Long, recognized as the best versed Mason in Indiana, committed suicide by sending a bullet into his brain. His housekeeper was in an adjoining room when the shot was fired, but he was dead when she reached his side. The cause is as yet unknown.

Machias Sails for Home.

Washington, July 9.—The Machias, which has been watching the United States' interests in the Isthmus of Panama and at the Colombian ports for the past seven months, has sailed from San Juan for Hampton Roads.

Three More Victims.

New York, July 9.—Three more bodies have been found on the Saale. This makes 29 bodies that have thus far been taken from the wreck of the Saale. Since the fire 146 bodies in all have been recovered.

Prominent Hebrew Dead.

New York, July 9.—James H. Hoffman, president of the Hebrew Technical Institute, trustee of the Baron de Hirsch fund, and for more than 35 years prominent in Hebrew charities in the United States, is dead, 67 years.
